EKTA SINGH

Computer Science Engineering Student | Aspiring Software Developer

Hubli, Karnataka, India | ektasingh0987@gmail.com | 1234500000

PROFESSIONAL SUMMARY

Computer Science Engineering student at KLE Institute of Technology with foundational knowledge of programming, databases and web technologies. Interested in software development and problem-solving, with academic project experience in C++ and database management systems. Seeking an internship opportunity to apply classroom knowledge, gain practical industry experience and develop technical skills.

TECHNICAL SKILLS

Programming Languages: C, C++, Python, Java
Web Technologies: HTML
Database: SQL
Areas of Interest: Software Development, Data Structures and Algorithms, Artificial Intelligence.

ACADEMIC PROJECTS

Car Rental System - C++
- Developed an academic mini-project using C++ and explored object-oriented programming concepts through a car rental system.

DBMS Expense Tracker
- Developed an academic project focused on expense tracking and database management.

Rope Climbing Robot
- Worked on an engineering project involving the concept and development of a rope-climbing robot.

EDUCATION

Bachelor of Engineering - Computer Science and Engineering
KLE Institute of Technology, Hubli | 2024 - 2028

Pre-University Course (PUC)
Dr. R. B. Patil Mahesh PU College | 2024 | 93%

Secondary School (CBSE)
Chinmaya Vidyalaya English Primary School | 2022 | 87.2%

COURSES AND LEARNING EXPERIENCES

- Capacity Planning
- Artificial Intelligence
- Basics of Data Structures and Algorithms

LANGUAGES

English, Hindi, Kannada.
